EXPERIENCE

- **Foster the Code** — New Orleans, LA
  Scrum Master — *Oct 2017 - Present*

  - **Gym software**: Our Team built software solution for the Client to supply tailored workout plans to their customers and a system to track their progress.
    * Facilitated Scrum Ceremonies
    * Support the Product Owner and Dev Team
    * Skilled up Dev Team with a better understanding of agile framework
    * Kept up to date, prioritized, and groomed Backlog
    * Facilitated better client - product owner relationship

  - **Agile Curriculm**: The Client desired to layout course work and class requirements needed to complete Secondary Education in an Agile inspired framework as well as skills to better equip the student in making the transition into the workforce and adulthood.
    * Held Scrum Events and Ceremonies
    * Planned and tracked the workflow in Trello
    * Improved the learning experience by providing clear metrics
    * Limited work in progress
    * Built a schedule and curriculum for the client
    * Leveraged and taught Kanban best practices

- **Larry Laurence Construction Company (LLCC)** — New Orleans, LA
  Scrum Master — *Oct 2015 - Oct 2018*

  - **Construction Managment**: The Client desired the tools to organize, plan, and track progress throughout projects. We established a useable definition of "done", workflow, approximate timelines, identified and removed blockers and outlined an estimated costs.
    * Applied some Scrum processes
    * Leveraged some Kanban methodology
    * We layed out a workflow and schedule
    * Normalized interoffice communication

SKILLS

- **Technologies**: Github, Trello, MS Office, Wrike, JIRA, etc.   **Tools**: git, LaTeX, brew, bash, etc.

EDUCATION

- **Loyola University of New Orleans** — New Orleans, LA
  Bachelors of Business Administration; GPA: 3.5 — *Grad. May 2010*
